## BRYAN RESIGNS FROM THE CABINET

### Disagreement As To Note to Germany Cause of Quitting the Cabinet

Washington, June 8.—William Jennings Bryan, three times democratic candidate for the presidency of the United States and author of nearly thirty peace treaties with the principal nations of the world, resigned today as secretary of state as a dramatic sequel to his disagreement with President Wilson over the government's policy toward Germany.

The resignation was accepted by the president. The cabinet then approved the response which had been prepared to the German reply to the Lusitania note. Acting Secretary Robert Lansing will sign the document and it will be cabled to Berlin tomorrow.

Secretary Bryan will return to private life tomorrow, when his resignation takes effect. It was learned that he intends to continue his political support of the president.

Rather than sign the document which he believed might possibly draw the United States into war, Mr. Bryan submitted his resignation in a letter declaring that "the issue involved is of such moment that to remain a member of the cabinet would be as unfair to you as it would be to the cause which is nearest my heart, namely, the prevention of war."

The president accepted the resignation in a letter of regret, tinged with deep personal feeling of affection. The letters constituting the official announcement of Mr. Bryan's departure from the cabinet to private life were made public at the White house at 6 o'clock tonight.

## LIVINGSTON ADDRESSES THE CROWD

### Hearty Cheers Punctuate Remarks of Dry Speakers on Street Tuesday Evening

Monett was a lively place Tuesday night during the public speaking on the local option question.

The "Wets" had a new wagon placed in front of P. Martin's clothing store and they were addressed by Wallace Short, of Sioux City, Iowa. Owing to offensive language used by the gentleman the evening before very few women were in the crowd. The Freistatt band furnished music for the occasion, and attracted quite a number of people, but the speaker was unable to hold their attention and they joined the other crowd.

The "Dry" wagon was placed in front of Durnil's Dry Goods Store and the ministers of the town and officers of the Local Option Association had seats on the platform. The Glee Club sang some rousing songs and a large crowd quickly gathered. When joined by the tabernacle people an immense audience was ready to listen to the excellent addresses given.

Hon. A. M. Peel gave the opening address which won hearty applause. He was followed by A. M. Livingston, who was introduced by Mr. Peel as a preacher who was not an "Ex." E. F. Jones concluded the street service and showed that he could talk to beat the band.

The "Dry" men and women then went en masse to the Baptist church to carry on the work of organization.

This program will be carried out every evening up to the 16th. The women will occupy the auditorium of the church and the men the basement. These meetings are of much importance and every man and woman who wants Monett to vote dry is asked to take part in these conferences.

## OF LOCAL INTEREST

### Some People We Know, and We Will Profit by Hearing About Them

This is a purely local event. It took place in Monett. Not in some faraway place. You are asked to investigate it. Asked to believe a citizen's word; To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence. Than one you know nothing about. Endorsed by unknown people.

S. H. Lauderdale, 422 Wishart St., Monett, says: "I suffered from acute lameness in my back and too frequent passages of the kidney secretions, especially at night. Doan's Kidney Pills quickly regulated the action of my kidneys. The pains in my head and dizzy spells ceased, my back became stronger and I could sleep well."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lauderdale had. Foster-Milburn Co., Props., Buffalo, N. Y.

## BUTTERFIELD

Mrs. Kate Parmley and children of Ridgley, are visiting her brother, Joe Cameron.

Mrs. T. W. Wade of Springfield, came in Sunday for a visit with her daughter, Mrs. Thos. Ferguson, and family.

Rev. Goodnight made an interesting and practical talk Sunday, the theme of which was "A Change of Raiment."

Up to June 6th Butterfield had shipped 35 cars of strawberries and it is thought we will ship at least three more cars.

W. D. Cowherd and sons will clear almost if not quite \$2000.00 on their strawberry crop this season. Mr. Cowherd stated Sunday that they would get between 1200 and 1500 crates.

There is not a case of sickness of any kind in our community that I know of. We presume that strawberries are conducive to good health.

The transient berry pickers are leaving for the Kansas wheat fields making a shortage of pickers so that quite a number of growers are unable to get all their berries picked.

We have heard of some people who do not believe that an acre of strawberries will produce one hundred crates. Several of our growers have picked 150 crates per acre and Fred Rausch on Cassville R. F. D. 3 has picked over 100 crates from half an acre.

Quite a number in and around this place are arranging to start for the Kanass harvest fields this week. They could make more money on one acre of strawberries than they will make in five years going away from home to work for wages.

The great success of the co-operative tabernacle meetings at Monett and Cassville is very convincing proof to an unbiased mind, that it is denominational prejudice that is keeping the people divided. The brotherhood of mankind and the fatherhood of God is more wholesome and in all probability would be greater benefit to humanity, both in this and in the world to come.

S. A. Prier, living east of town, who is a brother of Rev. W. R. Prier, bought twenty acres of the Thos. Ferguson land and put out three acres of Aroma strawberries, from which he has picked, this being the first crop, enough berries to pay for the twenty acres, and of course will get two more crops from the same patch, with but little cultivation. If others can do even half so well there is no excuse for not owning a little home.

The merchants of this place say they are doing fifty per cent more business this year than last and they all attribute the cause of the increased prosperity to the Big Red Aroma Strawberry, for which this place is becoming famous. Our Association has this year about three hundred acres with about two hundred acres more set this spring. We will give some facts and figures on this season's crop soon as the berries are all sold and the returns are all in.

A message was received one day last week from the clerk of the W. O. W. at Salt Lake City to the clerk at this place conveying the sad news of the death at Salt Lake of R. C. Gobel, who held membership in the W. O. W. at this place, and the news was conveyed to his mother and stepfather, Mr. and Mrs. Gill, who live east of this place. Mr. Gobel came to the camp at this place by transfer from Monett Camp, and while he remained in this vicinity only a short time he gained the respect and confidence of all that formed his acquaintance. Death was due to spinal meningitis. He had been married but a short time and his policy is payable to his mother.

Wimsatt Brothers are making a modern bungalow of their house on Third street which was partly burned down this spring.

A few weeks ago I had an attack that was so severe that I was not able to go to the case for two days.
